

Reference

The island of Formosa forms one Department of the Chinese province of Fuh-kien.

The department city or Capital of the island is Tai-wan-foo marked thus ■

District cities & other populous important towns are marked thus ⊙

Villages or small towns of which only a few can be given, are without regard to size marked thus ○

Mission stations are distinguished by a cross surmounting the city or village thus 卍 卐 卑

The western portion of the island coloured yellow is inhabited for the most part by Chinese who speak the language of Amoy or the opposite mainland of China

The Eastern portion of the island coloured green is inhabited almost wholly by scattered Aboriginal tribes, which are allied to the Malayan race, & speak a variety of Malayan dialects

The population of the island is estimated to be about three millions.

Within the Chinese inhabited territory there are many scattered village of Aborigines who are civilised & under Chinese government by Mandarins Mission stations among them are marked by an underline if green colour

Two Presbyterian Mission are the Protestant agencies at work in the island, the English Presbyterian mission planted in 1865 & working in the south & centre of the island, and the Canadian Presbyterian working in the north of the island.
